Trainpi Development contract

NanTech
Reston, VA
5/22/2026

TRAINPI DEVELOPMENT AGREEMENT

This Development Agreement (“Agreement”) is entered into between:

NanTechs (“Client”)

and

Hashaam Khan (“Developer”)

Effective Date: ___May 22, 2026_____

Completion Date: July 15th, 2026

1.0 PURPOSE

The purpose of this Agreement is to define the development work, deliverables, project scope, timeline, payment structure, intellectual property ownership, confidentiality obligations, and repository requirements related to the TrainPi platform development project.

2.0 PROJECT SCOPE

Developer agrees to support the continued development and enhancement of the TrainPi AI-guided operational workforce readiness platform.

The project scope shall follow:

- Exhibit A — TrainPi Operational Workflow & Functional Requirements (May 2026)
- Existing TrainPi platform architecture and UI workflows
- Agreed enhancements discussed between both parties

The TrainPi platform includes operational workflows and features related to:

- Participant Profile workflow
- Resume/CV upload and processing
- Operational Context document ingestion
- AI Analysis & Comparison Engine
- Workforce readiness scoring
- Skills and workflow gap analysis
- Results & Insights dashboard
- Personalized roadmap generation
- AI-guided workforce recommendations

- Learner dashboard enhancements
- Organizational/admin dashboard enhancements
- UI/UX improvements and platform stabilization

Exhibit A shall be considered part of this Agreement and defines the intended operational workflow, platform logic, and functional requirements.

3.0 PROJECT TIMELINE

Project duration shall be approximately 2.5 months (10 weeks) from the Effective Date.

Target completion date:

Developer agrees to:

- provide weekly progress updates,
- regularly commit code to the NanTechs GitHub repository,
- communicate blockers/issues in a timely manner,
- and demonstrate reasonable progress throughout the engagement.

4.0 PAYMENT TERMS

Total Project Amount:

\$500 USD

Payment Schedule:

Payment 1 — \$250 USD

Payable after approximately 50% completion of agreed workflow functionality and demonstration of core platform features.

Payment 2 — \$250 USD

Payable upon final delivery, deployment, code handover, and completion of agreed project deliverables.

No additional hourly billing, fees, or charges shall apply unless approved in writing by Client through a separate written amendment.

5.0 SOURCE CODE, GITHUB, & REPOSITORY OWNERSHIP

All source code, repositories, APIs, prompts, workflows, documentation, designs, configurations, deployment files, and development artifacts created under this Agreement shall belong exclusively to NanTechs upon payment.

Developer agrees that:

- All source code and related development work must be uploaded and maintained within NanTechs-controlled GitHub repositories.
- NanTechs shall maintain full administrative ownership and access to all GitHub repositories, hosting platforms, deployment environments, databases, APIs, and related services associated with the TrainPi project.
- Developer shall regularly commit code updates to the NanTechs GitHub repository throughout the development process.
- Developer shall provide all credentials, deployment information, technical documentation, and access information necessary for continued operation and maintenance of the platform.
- Developer shall not withhold source code, credentials, repositories, deployment access, or deliverables upon project completion or termination.
- Developer may not copy, reuse, distribute, or retain Client-specific code, workflows, prompts, architecture, operational logic, or business processes outside of the authorized NanTechs repositories without written permission.

6.0 INTELLECTUAL PROPERTY

All work performed under this Agreement, including but not limited to software code, AI workflows, prompts, architecture concepts, operational logic, readiness models, documentation, UI/UX designs, workflows, and platform functionality, shall be considered work made for hire and owned exclusively by NanTechs upon payment.

Developer may not reuse, resell, distribute, or share any Client-specific code, workflows, business logic, confidential information, platform concepts, or operational models without written permission from NanTechs.

Pre-existing tools, frameworks, or open-source libraries owned by third parties remain subject to their original licenses.

7.0 CONFIDENTIALITY

Developer agrees to keep all Client information confidential, including:

- business plans,
- product concepts,
- technical architecture,
- proposal materials,
- operational workflows,
- AI workflows,

- training data,
- customer information,
- uploaded documents,
- platform credentials,
- and internal business processes.

Developer shall not disclose or share confidential information with third parties without written permission from Client.

8.0 CHANGE REQUESTS

Any major features or scope changes outside of Exhibit A must be approved in writing by NanTechs before development begins.

Both parties may mutually agree to additional phases or enhancements under separate written agreements if needed.

9.0 TERMINATION

Either party may terminate this Agreement with 14 days written notice.

In the event of termination:

- Client shall pay only for completed and accepted work.
- Developer shall provide all completed source code, documentation, repositories, credentials, and project files to Client.
- Confidentiality and intellectual property provisions shall survive termination.

10.0 INDEPENDENT CONTRACTOR

Developer is acting as an independent contractor and not as an employee, partner, or legal representative of NanTechs.

11.0 GOVERNING LAW

This Agreement shall be governed by and interpreted in accordance with the laws of the Commonwealth of Virginia, United States, without regard to conflict of law principles.

Any disputes arising under or related to this Agreement shall be subject to the jurisdiction of the courts located in the Commonwealth of Virginia, USA.

12.0 ENTIRE AGREEMENT

This Agreement represents the full understanding between both parties and supersedes prior verbal discussions or informal agreements related to this project.

TRAINPI DEVELOPMENT CONTRACT

Any modifications to this Agreement must be made in writing and agreed upon by both parties.
